

Fitting Choir into Your Graduation Plan

Careful planning allows a student to continue pursuing their passion for music and to participate in other activities. Look at the high school plan as a jigsaw puzzle; then figure out how to fit what you have to take and what you want to do in the puzzle.

- This plan satisfies the **Arts & Humanities Endorsement** for graduation.
- ** Any courses you have taken in MS for HS credit can be removed for more space.
- This plan fits the Distinguished Academic Program.
- There is space in the puzzle for other four year electives (with careful planning).
- Some pieces of the puzzle can be moved to different years.
- Don't just take a "filler" class. It might take up a slot you need to be able to do everything you want later.
